**Re: In the Matter of Promoting Interoperability in the 700 MHz  
Commercial Spectrum, WT Docket No. 12-69**

Dear Ms. Dortch:

On Monday, July 31, 2017, Michael Goggin and the undersigned met with Thomas Derenge, Paul Powell, Tom Tran, and Becky Schwartz of the Wireless Telecommunications Bureau and Roberto Mussenden and Rasoul Safavian of the Public Safety and Homeland Security Bureau to discuss the Final Progress Report on AT&T Commitments in this proceeding and to answer questions on behalf of the staff.

AT&T reviewed the final progress report and answered questions from Staff about LTE roaming and questions that were raised by the Competitive Carrier Association filing<sup>1</sup> in the FirstNet Proceeding. In addition, the staff requested a list of devices that were released during the final reporting period time, which will be filed separately, under a request for confidential treatment.

Pursuant to the Commission's rules, a copy of this notice is being filed electronically in the above-referenced docket. Please do not hesitate to call me if you have questions.

Sincerely,

/s/ Joseph P. Marx  
Assistant Vice President, AT&T Services Inc.
